

ISO Certification Announcement

2 branches of Westflex, Inc. receive ISO 9001:2015 certification

January 23rd, 2019

After almost a year of hard work and focused efforts made towards revitalizing their Quality Management Systems, both Western Hose & Gasket and Performance Coupling Company receive the prestigious ISO 9001:2015 certification.

The certification applies to the fabrication, assembly, testing, distribution and repair of the following: hoses, piping, gaskets, coupling and fittings in support of Military, Marine, Construction and Industrial applications.

Westflex, Inc. is committed to delivering the “Best Value” products and services to our customers. To meet our commitment, we will focus on the following areas: • Provide safe products, • Adhere to industry standards for workplace safety, • Ensure we meet customer requirements for quality and delivery, & • Continuous evaluation and improvement of our performance and operations

“Quality has always been the backbone of this company, but we wanted to show our customers our commitment to quality by obtaining ISO 9001.”

Dixon LeGros, Founder and CEO of Westflex, Inc.
